## 2018 PGA Championship Ticket Registration FAQs:

**Q: Why do I need to register?**

A: In order to provide golf fans a fair process for accessing the most in-demand ticket types, tickets will be sold exclusively through an online registration program. The earlier fans register, the better positioned they will be to access the most popular ticket types when they go on sale in August of 2017.

**Q: Is there a cost to register?**

A: Registration is FREE to complete and there is no obligation to purchase tickets when they go on sale.

**Q: When will I be given the opportunity to purchase my tickets?**

A: Tickets will go on sale in August of 2017, following this year's PGA Championship. Your window to purchase tickets will be based on the date in which you registered and will be confirmed following your registration.

**Q: How will I know when I'll be able to purchase tickets?**

A: Registrants will receive a number of email communications before and during your window to purchase.

**Q: Will tickets be available all the way up to the Championship?**

A: Based on success of the registration process at past PGA Championships, we anticipate our most highly sought tickets to be sold out well in advance of the 2018 PGA Championship.
