*Flagship PGA of America Property Offers MLB Fans Iconic Pete Dye, Tom Fazio Designs*

**PORT ST. LUCIE, Fla.** – With pitchers and catchers reporting back to Florida over the next few weeks, [PGA Golf Club](#)—which features 54 holes of championship golf by Tom Fazio and Pete Dye in Port St. Lucie, Fla.—is offering baseball fans and golfers alike a unique “Spring Training Stay-and-Play Package” through Mar. 31, 2014.

The offer includes two rounds of golf at PGA Golf Club and three nights of accommodations at the nearby Hilton Garden Inn. Guests also receive a complimentary daily golf clinic (\$35 value) at the onsite PGA Center for Golf Learning & Performance – an instruction, practice, technology and fitness golf park that provides the ultimate learning environment for players of all levels. In addition, guests can tour the adjacent PGA Museum of Golf with complimentary admission year round to see the four major Championship trophies of golf.

PGA Golf Club is located *just three miles* from Tradition Field, the Spring Training home of the New York Mets and the summer home of the Class “A” Affiliate St. Lucie Mets. With a short distance between first base and the first tee, this pure golf destination features three diverse, challenging layouts along Florida’s Treasure Coast. And with average high temperatures in the mid-to-high 70s during February and March, PGA Golf Club serves as an ideal setting for fans to escape frigid temperatures, as they tee it up in South Florida and cheer on their favorite team.

“PGA Golf Club is one of America’s premier destinations for golfers around the world, with ideal temperatures and course conditions this time of year,” said PGA Golf Club General Manager Jimmy Terry. “Our Spring Training Stay and Play Package offers an escape from the weather up north, as well as a great opportunity for you to take a buddy trip, a weekend getaway or even a family vacation to combine your passions for golf and baseball into one.”

The Wanamaker Course by Fazio provides a stunning backdrop against breathtaking palm trees and palmettos. His distinct Carolina touch is also evident on the Ryder Course with rolling hills, majestic pines and challenging water hazards. Weaving through 100 acres of wetlands, the Dye Course is a links-style layout with pine straw rough, vast coquina waste bunkers and grass-based bunkers.

The PGA Center for Golf Learning and Performance offers 100 swing stations and nine bunker types simulating play from around the world and is ranked among the Top 50 Practice Facilities by Golf Digest. In addition to golf’s most storied trophies, the PGA Museum of Golf features Donald Ross’ workbench from circa 1900; vast Ryder Cup and PGA Championship memorabilia; a tribute to 2013 PGA Champion Jason Dufner; and the PGA Golf Professional Hall of Fame.
