Handicap Index Requirement

For amateurs to participate in The PGA McGladrey Team Championship they must have a handicap index thru one of the following means:

1) Amateurs must maintain their Handicap Index at a USGA licensed, Type 1 club/facility, preferably the hosting Club where the PGA McGladrey Team Championship is being played whereby the host PGA professional can easily manage, review and confirm the accuracy of such handicap or have their handicap certificate from another Type 1 club so that the hosting professional can verify such handicap index prior to allowing participation in the event.

Or

2) Amateurs must post their score and secure their Handicap Index thru a USGA licensed, Type 2, club/facility and bring the details of such handicap to the hosting PGA Professional so that he/she can accurately and easily verify such Handicap Index. Included with this handicap information must be the handicap Chairperson or Committee Member name and contact information for the host PGA professional to call and verify such Handicap Index in a timely and accurate manner.
